The **Tees Heritage Park Education Pack** was once just an idea, and has *only* been made possible by the help of these organisations.

The Tees Heritage Park identifies an area of unique, highly attractive countryside and heritage landscape. However, substantial areas are in private ownership and do not have public access. Care should be taken to stay on public footpaths and bridleways or established public land.

The Heritage Park boundary is based upon landscape and heritage values and broadly accords with Stockton Council Local Plan policies. It is shown for indicative purposes only and has no legal standing.
